BRIEF NEWSLETTER UPDATES FINAL WEEK December 2018

Kia Ora, Talofa Lava, Welcome.

Firstly, a final huge thank you to everyone for all your support through the year, especially around your patience during our redevelopment. It is likely to be signed off in Week Three of next year.

There will be some minor disruption as we get Council approvals for some of the works but hopefully little or no distraction to children learning.

We are delighted to confirm, that Miss Sarah Hix will be working at the school next year in a collaborative team with Mrs Togiasso. Sarah will be known to many of you as she worked here earlier this year.

The school site will effectively be closed from the final day of school 14th December right through until the Meet the Teacher time on Thursday 31st January.

Asbestos removal will be carried out on the far end of the hall in the first part of the week immediately following school closing. There are full protocols in place over this time and there is in no danger to surrounding areas.

The same standards follow all the work of this kind completed in previous holiday breaks.

I trust you will all get some time over the school holiday to get a break and we look forward to catching up with everyone in the new year.

Regards

Scot Kinley

•A further apology for the size of the school hall and our need to reduce seatings for assemblies. We are still trying to find ways to accommodate our families in a better way.

CONGRATULATIONS !!!

•A small team of four Year 3 & 4 students attended a National Tech Challenge on Coding in Wellington. Mrs McLeod and Mrs Dempsey escorted them and helped them on this adventure. This team represented themselves and our school remarkably and gained second place becoming the top team in the South Island, losing only by 1 point to the Year 5& 6 team that won the competition.. We are so proud of their achievements. Well done Archie Costello, Keita Te Huna Te Tau, Coby Francis, Olivia Stewart
