# BROMLEY SCHOOL NEWSLETTER

---

Kia Ora Talofa Welcome

As the Term draws to a close I would like to thank you for your support this year. We are close to finalising the schools rebuild plans but unfortunately there has been another delay in the construction start. The proposed timeline now has a commencement date of January 2018 with a completion date of December 2018, I am holding my breath.

Further thanks to our community in the Koru area for their support for the new interview/ reporting process. There are many changes that we face in Education in our practices, so we are grateful for your patience and support shown over this time.

Most of you will know that our zone begins next Term. I will be sending a notice out next Term for those of you who have children that intend to start here next year. This will allow us to accurately plan for the classes in advance.

If you have any concerns around the zone please make a time to see me or e mail on [principal@bromley.school.nz](mailto:principal@bromley.school.nz)

There has been progress on identifying the lady who approached one of our children on Keighleys Road last week. The police have investigated this situation and have reported back to us that they have no concerns in the area from this individual.

As per my last newsletter please use good practice with your children on the roads with their coming to and from school.

Regards  
Scot Kinley
